

PRESS RELEASE

FOR IMMEDIATE RELEASE

## **Stoneridge EZ-ELD® Now Available at Love's Travel Stops Across the US**

**NOVI, Mich.** — Nov. 6, 2017 — Stoneridge, Inc. (NYSE: SRI) today announced that truck drivers throughout the United States will now be able to purchase the Stoneridge EZ-ELD® electronic logging device at all Love's Travel Stops and Country Stores.

"We designed our EZ-ELD with the truck driver in mind, making it easy to install, easy to use, and an affordable way to get compliant with the ELD mandate," said Stuart Adams, North American Aftermarket Business Unit Manager, Stoneridge. "We provide a one-box, one-flat-rate solution to our customers without a contract, and are delighted to be offering that solution through the Love's locations."

EZ-ELD is unlike any other ELD brand on the market in that it includes three interchangeable on-board diagnostic (OBD) connectors, making it easy to switch between vehicles and eliminating the need to buy additional devices or expensive accessories if drivers change or upgrade their trucks.

Additionally, EZ-ELD contains Scan and Drive™ technology, allowing drivers to quickly pair the device with the iOS or Android app and seamlessly operate between vehicles. Drivers simply scan a QR code to securely connect the EZ-ELD smartphone app to the device, and they are ready to hit the road. Once fitted with the Stoneridge EZ-ELD, trucks are compliant with the FMCSA's ELD regulations and enjoy the added benefits of DVIR and IFTA without any extra charges.

Love's Travel Stops and Country Stores have more than 430 locations in 41 states, providing professional truck drivers and motorists with 24-hour access to clean and safe places to purchase fuel, travel items, electronics, snacks and now the Stoneridge EZ-ELD.

With the 2017 ELD regulation deadline fast approaching, motor carriers should be thinking about what solution fits their needs. To find out more about the Stoneridge EZ-ELD, visit your local Loves Travel Stops and Country Stores or visit [www.EZ-ELD.com](http://www.EZ-ELD.com).
